

## E-bulletin December 2nd 2008

### **2009 - 2014 Strategic Commissioning Plan (SCP) 'Lifelong Health and Wellbeing for Everyone in West Sussex'**

Dear members,

West Sussex NHS PCT are seeking your views on the PCT's strategy to improve the health and well-being of people in West Sussex. The strategy – called the Strategic Commissioning Plan (SCP) – sets out how they intend to tackle these and other health priorities over the five years from April 2009. This report is available at:

<http://www.westsussexpct.nhs.uk/about-us/commissioning>

One of the key elements to successfully delivering the priorities set out in the SCP will be partnership. The PCT cannot tackle these challenges in isolation and they will work with their partners in local government, healthcare providers, third sector and voluntary organizations and clinical groups to take the strategy forward.

They feel it is important to listen to the views of their partners as they continue to develop the SCP and the attached letter includes a series of questions on which they would appreciate your response. They would also welcome any other views or opinions that you might have about the draft SCP.

Many thanks –  
Janet
