(1) Community Transport Fund (2) WSCC Third Sector Training - Follow Up Sessions

Dear members,

- (1) The attached maybe of interest to you: it is about a new trial Fund aimed at community transport organisations within the UK. For information, please visit <http://www.biginvest.co.uk>
- (2) Seth Gottesman, Project Development Officer - Voluntary & Community Sector, Adults & Childrens Directorate, West Sussex County Council writes:

WSCC Third Sector Training - Follow Up Sessions

Last summer WSCC Adults Services ran a number of training sessions for the Third Sector on Procurement & Tendering at Brinsbury College. In response to feedback gained from these sessions and by way of follow up we are in the fortunate position of being able to run two further identical 1/2 day sessions with Judith Cousin, our main speaker at the Summer '08 sessions. The purpose of these sessions is to further clarify any issues that have arisen since the '08 training sessions, examine consortium and partnership development and identify future training areas that WSCC may be able to support in 2009-10. We hope to keep these sessions informal, constructive and supportive with more time to address specific examples than the '08 training sessions allowed.

The two sessions will be identical to allow people a degree of choice in relation to availability, but places are limited. I would be most grateful if you could publicise these sessions to the best of your ability using the simple flyer attached. We will of course be contacting all those who attended the '08 training sessions directly with this information.

Thank you for your assistance.

Kind regards
Seth

Many thanks –

Janet
