3. Trevor Beadle, Community Development Manager, forwards the following information:
The Needles computer suite is now 'on line' and we are looking to pilot a learners club for 6 weeks from Monday 1st June. The session would run from 9.45 to 11.45am with a coffee break in the middle, I am still awaiting a facility/refreshments cost from the Youth club but as the course is being led by a volunteer I do not anticipate the costs will be high. 2 places have already been reserved and we are happy to run the pilot with low numbers. However, as there is capacity for 6 it seems sensible to let people know. We will be advertising another course from September. The course is for the elderly and the tutor is Emma Ford who has recently joined the Parish Council.
