

Dear members,

1            There is an opportunity to join a focus group looking at Healthcare Transport Costs Scheme. Please refer to the attachment for details.

2            Horsham District Council and its partners are working together through the Horsham District Community Partnership (HDCP) to prepare a Sustainable Community Strategy, which will provide the vision and shared ambitions for the future of our District and its communities for the next 10 to 20 years. Voluntary and Community organisations are therefore important repositories of local knowledge, and it would be unthinkable for HDCP to formulate plans for the future of the District without consulting them. While there are a number of District-wide voluntary organisations involved in HDCP on a regular basis, namely the CVS, CAB and Age Concern, the knowledge and insight of more local groups are equally important in planning the way forward. Please refer to the attachment for details of forthcoming meetings.

Many thanks –  
Janet
